12. (Unclassified - RSG) LIAISON Received a call from Jean Christoff, Senate Select Committee on Intelligence staff, who requested an unclassified letter from the Director for the public record addressing the "contradiction" between Deanne Siemer's, DOD General Counsel, testimony and the Director's testimony before the Senate Human Resources Subcommittee on Health and Scientific Research on 21 September 1977 on MKULTRA. I indicated that the Director testified during that public hearing that there was no contradiction and suggested that any unclassified letter would simply reiterate that point. However, as a clarifying tactic, I suggested that Ms. Christoff review a classified ORD report on this subject and that we continue our discussions from that point. She agreed. A copy of that report was sent to Ms. Christoff.
